Quality Statements:
NO WELDS PERFORMED
ASTM E1019-08, ASTM E572-07a (2006) and ASTM E1066-08 are methods used to determine the chemical analysis for Fe Base (High Alloy) alloys utilizing XRF, ODS and Combustion and Fusion Methods.

All items are in full compliance with all purchase order and specification requirements.
Compliant with DEFANS 232-723-7014 Alt. 1. Preference for Domestic Specialty Metals.
The material was Heat Treated and Brinell Tested at Donnan Heat Treat, 7359 Trip Street, Philadelphia, PA 19134.

Material furnished on this order was produced under Electric Quality Program dated August 23, 2010.

Material was not exposed to Radium or other radioactive materials while at our facility.

It is hereby certified that all items furnished in this shipment are in full compliance with the purchase order and specification requirements. It is further certified that the test reports represent the actual analysis of the items furnished and are in full compliance with all applicable specifications and order requirements.

Materials produced under this order have not come into contact with Mercury or its compounds within G.O. Carlson, Inc. facilities.

100% Melted, Rolled and Manufactured in the USA

MATERIAL CERTIFICATION REPORT and CERTIFICATION OF QUALITY CONFORMANCE		Print Date/Time 24-Dec-2011 9:37	Ship Note 113384
		Certification ID 114694-1	
<p>Meets EU Electrical "RoHS". Contains NO "WEEE" relevant substances. Complies with DFARS-225.1-3 by American Air-Supplies. HWRR - Minimum Hot Working Reduction Ratio. Electricalloy only accepts residual and trace elements to the limits invoked by the specification and/or customer. This document shall not be reproduced, except in full, without the written approval of Electricalloy / GOC Plate. We hereby affirm that the reported results on this certification are correct and accurate. All tests and results and operations performed by (Electralloy/G.O. Carlson Plate) or its subcontractors are in compliance with the applicable material/customer specifications(s).</p> <p>The purchaser agrees that when the transfers for the products subject to this agreement, or when the products are delivered to purchaser, whichever occurs first, responsibility for the submission of any required export or re-export licenses or related export control approvals for these products also transfers to purchaser. Any export license requirement under any applicable export control statute, regulation, or practice, from any U.S. government agency, including but not limited to the Department of Commerce's Bureau of Industry and Security, the Department of Treasury, Office of Foreign Assets Control, the U.S. Department of State, Directorate of Defense Trade Controls, and the Nuclear Regulatory Commission, are solely the responsibility of the purchaser. Further, purchaser warrants that it will comply with all applicable export and re-export controls related to these products.</p>		Name: David A.
